

CONTEST FORM for PROOF CLAIMS that ROCK with EMBEDDED MANMADE-LIKE ELECTRICAL-LIKE COMPONENT IS ACTUALLY MODERN MANMADE

This Form's purpose is for the person who claims that he/she has proven that the Rock with the Embedded Manmade-Like Electrical-Like Component ("Rock", "Assembly") or its Component is modern manmade, as per the Contest Rules described on my webpage tsc-global.com/rock.htm. If you are the first person to provide me this proof, I will pay you \$100. This Form must be completed, signed and dated in legible print, black ink.

Initial each provision and address all blank spaces of Section (1) or (2) below (if a blank space does not apply, use N/A for Non-Applicable):

(1) _____ I claim that I proved that the Manmade-Like Electrical-Like Component ("**COMPONENT**") of the Rock was manmade between 1492 and 1998 (append extra sheets, each signed and dated by you, if needed):

(A) Major verifiable duplicate Part maker name, physical address, and phone #; and major verifiable model or part # of this Part, and source of your data: _____

(B) All verifiable (and published or non-destructively accessible) dimensions, physical and electrical properties, compositions and structures of this Part's pins/rods/prongs, and base/matrix: _____

(C) Description of copies of major clear, focused and 2X or greater size photo images (face, 2 sides and back minimum), dimensioned illustrations, writings and other recordings made between 1492 and 2002, appended to this Form, which verifiably show and-or describe this Part and who made it (images and illustrations are not required if you provide a clean and adequately intact actual duplicate Part to John Williams) (I will not return any of these materials to you): _____

(2) _____ I claim that I proved that the **ASSEMBLY** (which also includes the **COMPONENT** for (2)(B)) was manmade between 1492 and 1998 (append extra sheets, each signed and dated by you, if needed):

(A) Major verifiable duplicate Device maker name, physical address, and phone #; and major verifiable model or part # of this Device, and source of your data: _____

(B) All verifiable (and published or non-destructively accessible) dimensions, physical and electrical properties, compositions and structures of this Device's materials, AND the Part's exposed pins/rods/prongs and base/matrix: _____

(C) Description of copies of major clear, focused and 1X or greater size photo images (face, 2 sides and back minimum), dimensioned illustrations, writings and other recordings made between 1492 and 2002, appended to this Form, which verifiably show and-or describe this Device and who made it (images and illustrations are not required if you provide a clean and adequately intact actual duplicate Device to John Williams) (I will not return any of these materials to you): _____

I affirm and agree, without any qualification, to all of these provisions: (1) To the best of my knowledge and beliefs, all of the statements herein made or affirmed by me are accurate and complete. (2) That I have fully abided by all of the Contest Rules described on the rock.htm webpage. (3) That \$100 is the full and total amount that I am entitled from John Williams or anyone else for proving to his satisfaction that a duplicate Part or Device exists, and that I forever waive and forego all claims for all other possible forms of compensation. (4) That all of the applicable policies described on this Form, and on the rock.htm and policies.htm webpages fully apply. (5) That I will disclose neither the existence of this completed Form by me nor my participation in this Contest unless: (A) John Williams has given me explicit written permission to disclose, or (B) He has publicly disclosed this Form.

CONSULTANT'S FORM to INSPECT, TEST & ANALYZE ROCK with EMBEDDED MANMADE-LIKE ELECTRICAL-LIKE COMPONENT

This Form's purpose is for the Evaluator to professionally and independently inspect, sample, test, analyze and report ("evaluate") Williams's Rock with the Embedded Manmade-Like Electrical-Like Component ("Rock") to the best of his/her professional education, training, experience, knowledge, beliefs, tools, equipment and references ("professional capabilities"). Prior to completing this Form, the following steps must be completed: (1) The prospective Evaluator has provided Williams a complete and accurate curriculum vitae of his/her professional education, experience and current professional standing. (2) Williams has explicitly in writing OKed the prospective Evaluator to objectively and frankly evaluate the Rock. (3) One or more meetings have been set up and honored for Evaluator to inspect, sample and test the Rock as he/she believes necessary (Williams is in physical possession of the Rock at all times, else Evaluator must insure Rock for \$10,000,000), the Evaluator has adequately inspected, sampled and tested the Rock to analyze and report all of Williams's claims about it, and that the Evaluator has adequate professional capabilities to evaluate the Rock. For the Evaluator to collect his/her \$100 fee, this Form and all needed appended materials must be provided to Williams 100% complete (legible printing, black ink), signed and dated by Evaluator, and be accurate and complete to the best of his/her professional capabilities. Furthermore, Evaluator must provide Williams a signed and dated copy of the webpage tsc-global.com/rock.htm's "**Observed Properties & Dimensions**" section stating Williams's physical, chemical, electrical/electronic or otherwise scientific claims ("claims") about the Rock. Furthermore, Evaluator must provide Williams at least one accurate, clear and completely readable and-or viewable copy of each recording (e.g. video, photo, audio), disk file, and other writing (including notes), if any, he/she has made relevant to the Rock or John Williams, and of his/her reference statements made herein, if any. If Williams is satisfied with the quality of the work you have done here, and can afford to do so, he will also certainly put you at the top of his list for serious consideration for future consulting work related to the Rock and possibly other endeavors, and highly recommend you to others.

Initial (do not check mark) each provision and address all blank spaces below (if a blank space does not apply, use N/A for Non-Applicable) (append extra sheets, each signed and dated by you, if needed):

(1) _____ I have evaluated the Rock on and at: ____/____/04 (at: _____),
____/____/04 (at: _____), ____/____/04 (at: _____).

(2) _____ I have adequately determined to my professional satisfaction whether or not each and every claim Williams has made about the Rock at tsc-global.com/rock.htm's, "**Observed Properties & Dimensions**" section is Clearly Proved ([CP]), Indeterminable ([I]), or Clearly Disproved ([CD]) by a preponderance of the evidence.

(3) _____ From this webpage section, each and every one of Williams's claims that are [I] or [CD] are described below (I have determined that all other claims are [CP]) (unless greater accuracy is required to support a scientific claim about the Rock, all values are considered to be [CP] if within -10% to +10% of claimed value, and [CD] if outside it):

(A) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(B) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(C) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(D) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(E) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(F) Claim: _____ [I] _____ or [CD] _____.

Method used to fully evaluate this claim: _____.

If [I], it is [I] because I lack this evidence and-or these professional capabilities to determine whether it is [CP] or [CD]:

_____ and why this/these deficiencies could not be overcome using some other evidence and/or professional capabilities:

If [CD], here instead is what I proved: _____.

(4) Other test or analysis results or observations, if any, not covered elsewhere herein (if none, put "none", else detail completely): _____.

(5) I _____ *can/ _____ cannot prove that the **Component** or the rock **Assembly** itself is modern manmade.
*Verifiable make, model or part #, common use, and source of data of the _____ Component/ _____ Assembly:

(6) Based on my evaluation of the Rock, I believe that it is _____ certain/ _____ probable/ _____ possible/ _____ improbable/ _____ impossible (initial one) that the Rock came from an ET or lost advanced civilization source, for these reasons: _____.

I affirm and agree, without any qualification, to all of these provisions: (1) To the best of my professional capabilities, all of the statements herein made or affirmed by me are accurate and complete. (2) That my work was done strictly as a work-for-hire on a consulting basis, and does not establish any joint venture, employment or agency promise or relationship between me and John Williams or anyone else. (3) That \$100 is the full and total amount that I am entitled to from John Williams or from anyone else for satisfactorily evaluating the Rock, and for accurately and thoroughly completing this Form and submitting it with all other writings, tapes and other materials required by para. 1, and I forever waive and forego all claims for all other possible forms of compensation. (4) That all of the applicable policies described on this Form, and on the **rock.htm** and **policies.htm** webpages fully apply. (5) That I am not an employee, consultant or agent for either CSICOP or Skeptical Inquirer, and that I will not knowingly write, produce or participate in any book, article, column, interview, show, recording, benefit or project with or for either of them in which the Rock or John Williams is discussed, displayed or written about (see webpage for reasons about CSICOP and SI). (6) That I will disclose neither the existence of this completed Form or any part of it, nor my consulting services with John Williams unless and only to the extent that: (A) He has given me explicit written permission to disclose, or (B) He has publicly disclosed.

Briefly describe your professional Degrees, and relevant education, training and experience

FORM to REPORT OTHER CASES of INEXPLICABLY EMBEDDED MANMADE-LIKE COMPONENTS INTO ROCKS, FOSSILS, COAL, PETRIFIED WOOD, METEORITES, and MANUFACTURED MATERIALS CLEARLY NOT of an EARTHLY ORIGIN

This Form's purpose is your voluntary, freely-given testimonial in which you claim that you possess, had possessed, and-or had witnessed a rock, fossil, coal, petrified wood, prehistoric amber, meteorite, or manufactured material (but clearly not modern manmade) with an inexplicably embedded modern manmade-like component(s). This Form is limited to what its title states to focus on the "Embedded Object Phenomena" ("EOP") - hard evidence that may scientifically prove the existence of UFOs, space aliens, and-or lost advanced civilizations. I do not accept Reports on sightings, alien abductions, secondhand accounts, urban legends or any other phenomena UNLESS also accompanied by a clear and attested to possession or witnessing of an EOP. Initial each provision and address all blank spaces below (if a blank space does not apply, use N/A for Non-Applicable). Append extra sheets, each signed and dated by you, if needed. Please complete, sign, date this Form in legible print, black ink. Please return this completed form with copies of all photo images, illustrations, scientific evaluations, witness accounts, testimonies, affidavits, et al to support your claim (do NOT send actual EOP unless I explicitly ask for it in writing):

I claim that I: _____ currently possess (since: ____/____/____), _____ had possessed (from: ____/____/____ to ____/____/____), or _____ had witnessed (from: ____/____/____ to ____/____/____) an EOP.

(A) To the best of my knowledge, this EOP is now located at: _____.

(B) As complete as possible, my description of this EOP (e.g. type of material, texture, dimensions, weight, markings, patterns, color, iridescence, fluorescence, etc; emitted sounds, lights, RF radiation, etc; and evidence of non-natural work on it (e.g. machining, casting, drilling, grinding, etc.) of both the EOP and the Embedded Component in it): _____

(C) Circumstances of how I came to possess/witness this EOP: _____

(D) The following other people can verify that this EOP exists/existed (to protect privacy, do not submit names, addresses, phone numbers, and relationship to you of any person without first obtaining his/her explicit written permission to do so):

Person #1: _____

Observed: _____

Person #2: _____

Observed: _____

Person #3: _____

Observed: _____

Person #4: _____

Observed: _____

(E) Comments relevant to my EOP experience(s) (include any analysis of it): _____

(F) Description of all my appended copies of photos (must be clear, in focus, with EOP at least 2" and each Embedded Component at least 1/2" in size), dimensioned illustrations, accounts, affidavits, evaluations, added Form sheets, et al (I will not return any of these materials): _____

(G) PERMISSIONS: (1) _____ I freely give John Williams the right to freely publish this Form and any or all of the appended materials without expecting or accepting any compensation, or (2) _____ I forbid John Williams to publish this Form or materials: (a) _____ Without regard to any compensation, or (b) _____ Unless I am first compensated: \$ _____ (total amount).

I affirm and agree, without any qualification, to all of these provisions: (1) To the best of my knowledge and beliefs, all of the statements herein made or affirmed by me are accurate and complete. (2) That I submit this Form and all of my appended materials freely and voluntarily as a testimonial to my EOP experiences, I do not expect or accept any compensation from John Williams or anyone else for this submission, and that I forever waive and forego all claims for all future compensation. (3) That all of the applicable policies described on this Form, and on the [rock.htm](#) and [policies.htm](#) webpages fully apply. (5) That I will not disclose the existence of this completed Form by me unless: (A) John Williams has given me explicit written permission to disclose, or (B) He has publicly disclosed this Form.
